THP-200c

Radial Ribbon Saving Feature
Middle Class Thermal Printer

Long-awaited middle class thermal printer debut with radial ribbon saving feature in EDM thermal printer series. Light weight and compact body with high functionality, providing new standard of thermal printer.
Radial Ribbon Saving Feature

The feature is to use the entire width of the ribbon in radial direction printing.
It automatically lay out the letter height and type lines and saves ribbon consumption.

Removable Front Panel

It is possible to remove front panel without any tools as magnet is applied to front panel unit.
