

CLOSURES USED WITH THE 64DV, 69-DV & 71-DV DISPENSERS: Series DV

Series DV Closures were designed for use in either the Type 64-DV, 69-DV or 71-DV Dispensers. The dispensers are inexpensive, small portable units constructed of ABS plastic. With no moving parts the units are virtually maintenance free and extremely simple to use.

Series DV Closures are available in seven plastic colors and several lok opening sizes to permit closing of a wide range of package sizes. Closures are packaged on rolls of 1,250 with 10 rolls in a carton (12.5M).
