

# AUTOMATIC BAG CLOSURES

## Series JM-NRP, KM-NRP & KM 57-NRP

Series JM-NRP, Series KM-NRP and Series KM57-NRP are designed for use with Kwik Lok Automatic Bag Closing Machines. The closures can be used with most plastic bags (film and net). The larger closure was designed for produce packages and other heavier bagged products. The closures use Kwik Lok's latest web design that eliminates plastic web residue on the packaging line.

Series JM-NRP (medium duty) Striploks are available in seven plastic colors. Multi-colored packs are not available. A variety of lok opening sizes permit the closure to be used on a wide variety of package types and sizes. The closures are manufactured on rolls of 4,000 with 10 rolls per carton (40M).

Series KM-NRP (heavy duty) Striploks are available in three plastic colors. Multi-colored packs are not available. A variety of lok opening sizes permit the closure to be used on a wide variety of package types and sizes. The closures are manufactured on rolls of 2,500 with 10 rolls per carton (25M).

Series KM57-NRP (extra heavy duty) Striploks are available in white plastic only. A variety of lok opening sizes permit the closure to be used on a wide variety of package types and sizes. The closures are manufactured on rolls of 2,200 with 10 rolls per carton (22M).

Heavy duty plastic recommended for net bag openings.
