

TYPE 086 WITH PRINTER SEMIAUTOMATIC BAG CLOSING MACHINE

The Type 086 can be ordered with a printer. See printing Supplies for complete list of supplies available.

Type 086 semiautomatic bag closing machine is engineered for unmatched reliability, performance and convenience of operation. The Type 086 machines are the standard that all other semiautomatic bag closing machines will be judged by.

The 086A features a power breakoff and closure advance and will close at speeds up to 30 bags per minute. The design is compact, portable, jam proof, and accepts either medium duty or heavy duty closures (no adjustments).
